

The Tenets of The FM: Responsibility

*Dr. Thanatos and DJ What the Bleep
Before Winter Solstice (12.09.06 C.E.)*

As DJs, we have a whole universe of sounds available to us
We are not, for example, limited by our tools—the instruments
Instead, we use our imaginations to create juxtapositions

These sounds and their segues take people places—old and new
By affecting their perceptions, we are affecting emotions
And by affecting emotions, we can change lives—even worlds
